The order of the dasha lord planets, their respective individual durations and total time-cycle (=36 years) are common to both the Yogini and Shat-Trimsha Dasha-systems - except for the single difference that the commencing dasha becomes different in the two cases.

Parashara's recommendation is that if birth takes place during day-time in Sun's Hora or in night-time in Moon's Hora Shat Trimsha Dasha-System should be adopted.

As an extension to this principle, if birth takes place in night time in Sun's Hora or in day-time in Moon's Hora, Yogini Dasha-System should preferably be employed.

During sometime in your life, you are likely to suffer from windy diseases, in which respect you should take preventive measures.

Mercury

Owing to your contentious nature, people may consider you to be a troublesome character. Moon

The Moon is situated in sign Cancer in your chart; so your 'Janma-Rashi' (or Chandra-Lagna) is Karkata. Your mental qualities and certain other characteristics will be governed by this feminine, watery, fruitful and movable sign and, to some extent, by it's sign-lord, the Moon herself.

Moon in sign Cancer is a very beneficial position in many respects in general; however, you might tend to be emotional and sentimental, although you will be free from passion or rash actions. Your mind will be flexible and changeful, which you will greatly enjoy.

Rahu

In your chart, Rahu is placed in sign Leo. If the Sun is well-placed, it will give you an impressive appearance and will bring in many benefits from the authorities or govt.

sources. If Mercury or Venus or Mars is in own-house, it will make you fortunate and happy. However, if your Ascendant is Aquarius, the health of your spouse might cause you some concern. If Rahu is situated in Magha star (while Ketu is situated in Shatabhisha star), you might remain prone to suffer resulting from accidental mishaps.

Ketu

In your chart, Ketu is placed in sign Aquarius. If Saturn is well-placed, it will give you an impressive appearance and will bring in many benefits from the authorities. If Mercury or Venus or Mars is in own-house, it will make you fortunate and happy. However, if your Ascendant is Aquarius, and the Sun is not associated with or aspected by any benefic planet, then the health of your spouse might cause you some concern; besides, you may have some distinct differences with your spouse. If Ketu is situated in Shatabhisha star (while Rahu is situated in Magha star), you might remain prone to face accidental mishaps.

Uranus

In your chart, Uranus is placed in sign Capricorn. You are likely to be a shrewd person and you will think of many pros and cons before forming new relationships. Your profession may have some connection with some very uncommon lines like municipality, water-works, sewer treatment plant, pollution control, meteorology, etc.

Neptune

In your chart, Neptune is placed in sign Capricorn. If Neptune is neither associated with nor aspected by Jupiter or Venus and Saturn is also not in strength, then it may make the physical features disproportionate : like a smaller head on a developed trunk. If Neptune is afflicted by malefic planet(s), then you may be somewhat avaricious and may not be averse to making sharp deals.

Pluto

In your chart, Pluto is placed in sign Scorpio. It tends to give a developed muscular body and swarthy appearance. Prediction On The Basis of Bhavas

Ascendant Lord

In your chart, the Ascendant-lord is situated in the twelfth house, which is called the house of expenses (Vyaya). Besides, this house has governance over bed, bed-pleasure, espionage, sinful deeds, bed-ridden condition, imprisonment, long-duration staying in foreign countries or distant places, back-biters and hidden enemies, misery, poverty, decline, confiscations and losses. This house also rules over the left eye and feet. Since most of the attributes are unfavourable, it is not a fortunate thing to have the Ascendant-lord situated in the 12th house -- unless some modifying combinations are present in the chart. However, if your Ascendant is Aquarius, it will give rise to an auspicious 'yoga' and will offer beneficial results in almost all respects. If a natural benefic planet is situated with the Ascendant-lord or aspects it, then the position will be considerably improved; but if a natural malefic planet is situated with the Ascendant-lord or aspects it (while no other modifying influences are present in the chart), then your position will become deteriorated and you may have to undergo sufferings for facing critical situations. On the bright side, this position favours long-duration stay in distant places or foreign countries; students going to foreign countries for further studies/ researches by receiving scholarships often have this combination.

Lord of 2nd House

In your chart, the second-lord is situated in the tenth house, which is called the house of profession (Karma). You will be a far-sighted person, will be highly fortunate in respect of your profession and you are sure to occupy a very prestigious position. Your job may have some connection with financial institutions and your earnings will be substantially higher than your contemporaries. If the Sun or Mars is with the 2nd-lord, you may become a senior person in government service. If the 10th-lord is also strong or if a natural benefic planet is situated with the 2nd-lord or aspects it, then you are sure to rise to a very high station in life and move in high circles; you will receive much of benefits from the government authorities and the political scions. As the 2nd-lord is aspects the 4th house, your possessions and acquisitions will increase and you will lead a happy, prosperous life. But, if Saturn or Ketu is situated with the 2nd-lord, you might be troubled by jealous people and the back-biters, may become a victim of slander or disrepute and may even run the risk of losing your position quite suddenly and unexpectedly.

Lord of 3rd House

In your chart, the third-lord is situated in the tenth house, which is called the house of profession (Karma). It indicates that your profession is likely to have strong connection with the 3rd house significations like news-paper/ press, writing/ editing/ translating, post/ telegraph/ courier service, radio/ broadcasting, transport/ tourism, etc lines. If your 10th-lord is well-placed or if it is either associated with or aspected by a natural benefic planet, then you are likely to be a ranked person and get good remuneration; but if your 10th-lord is ill-placed or if it is either associated with or aspected by a natural malefic planet, then you may be tied down to a poorly paid job involving responsibility and sub-ordination. From this position, the 3rd-lord aspects

the 4th house for which if the 4th-lord is weak, then you may incur some wasteful expenditures and even may have losses. If the Moon is also weak, the health and well-being of your mother may cause some concern; if Mars or Venus is weak instead, you may have changes of residence or may face problems in connection with your vehicles. But if the 4th-lord is well-placed or if a natural benefic planet is situated in the 4th house or aspects it, then you will be free from these problems.

Lord of 4th House

In your chart, the fourth-lord is situated in the seventh house, which is called the house of spouse (Kalatra). This is a fairly beneficial position and you will become very energetic and active; you will have good education if Mercury is also well-placed. If the 7th-lord is well-placed, then you may make money through business of selling books, etc. If the 4th-lord is a natural malefic planet, then it will be better since it will shed its maleficence owing to 'kendra-adhipatya' (or angular lordship); but if your Ascendant is Leo, then although it will give material prosperity, you may suffer from high blood-pressure and have a bad temper. If the Ascendant is Libra or Capricorn, then the 4th-lord will be debilitated in the 7th -- which may affect your married life; you may face opposition in respect of property-matters and may even have to fight a law-suit -- it can even be with your mother, if the Moon is not well-placed. As the 4th is the 10th from the 7th, your spouse will be fortunate in respect of his/ her profession or may actively assist you to develop your business which might be in her/ his name. If a natural benefic is situated in the 7th or aspects it, you will be fortunate in respect of public dealings and conducting negotiations; but if the 7th house is under the influence of a natural malefic planet, then you may face misunderstandings, quarrels, etc.

Lord of 5th House

In your chart, the fifth-lord is situated in the eighth house, which is called the house of longevity (Ayus). Although this position is good for education and may make you interested in the occult subjects, it is unfavourable for securing a good position or for gaining promotion; unless the 8th-lord is well-placed, you may find difficulty to continue in service for long and you might be transferred or may have job-changes. If your Ascendant is either Leo or Aquarius, then you will be very fortunate as your 5th-lord will be in own-house in the 8th for which you will enjoy the favourable results of 'Veepareeta Raja Yoga'. In other cases, you should refrain from speculative investments since losses are feared. If a natural malefic planet is situated in the 8th or aspects it, then during sometime in your life, you may lose your discriminations and get entangled into disputes or quarrels with powerful persons. This position indicates difficult child-birth unless a natural benefic planet is situated in or aspects the 5th (if you are male) or the 9th (if you are female). When children are born, their state of health may become very delicate and they may need special care; however, they would pick up when they grow up and they would do well with their studies. If either Rahu or Ketu is also in the 8th, then you may suffer from un-natural fear of ghosts, etc.

Lord of 6th House

In your chart, the sixth-lord is situated in the eighth house, which is called the house of longevity (Ayus). Besides disease, the 6th signifies enemies and wounds whereas the deadly 8th indicates professional set-back, grave misfortunes, facing immense

difficulties arising from accidental or calamitous causes, etc. This is still considered to be a favourable position as the lord of a 'trika-house' when situated in its same own house gives rise to a beneficial yoga which ensures material prosperity by having a kind of meteoric rise. You are likely to have very high ambitions and invent dubious ways for realising them; you may tend to take grave risks and bulldoze your way through life by instilling fear. Although you will be able to overcome your enemies, they might be waiting behind the screen with their scary designs. You should therefore need to take precautions and you are better advised to mend your style of running with heavy fuel. If a natural benefic planet is situated in or aspects the 6th or the 8th, then the dangerous tendencies will remain in control whereas if a natural malefic planet is situated in or aspects the 6th or the 8th, then only more fuel will be added to the fire. As the 8th is the 2nd from the 7th while the 6th is the 12th from the 7th, you are likely to have gains from your spouse and from your business-partner -- if any.

Lord of 7th House

In your chart, the seventh-lord is situated in the seventh house itself, which is called the house of spouse (Kalatra). This is a favourable position for the 7th-lord and you will be fortunate in respect of having a worthy and wealthy spouse. You will have active habits, receive good education, enjoy peace of mind, you will enjoy happiness in your home and secure a comfortable position in your birth-place/ home-town. As the 7th house rules over trade, you might be self-employed and will be successful in running your own business -- more so if Venus or Mercury is well-placed; you may have good gains from distant places and may earn a fortune from foreign trade. If the 7th-lord is a 'tara-graha' (Mars or Mercury or Jupiter or Venus or Saturn), then you will enjoy the auspicious results of the so-called 'Pancha Maha-purusha Yoga' which will surely make you an important person in the society. If the Sun is also well-placed, then your father will be long-lived; if the Moon is well-placed, then your mother will have a very caring and affectionate nature. If the 7th house is occupied or aspected by a natural benefic planet, your wealth and possessions will be ever-waxing. But if it is occupied or aspected by a natural malefic planet, then you may have some problems in your married life and face some oppositions from powerful people.

Lord of 8th House

In your chart, the eighth-lord is situated in the tenth house, which is called the house of profession (Karma). As the 8th-lord indicates obstructions and untoward happenings, you may have changes in profession or transfers a few times and may even opt for seeking premature retirement. However, since the 8th is the 11th from the 10th and the 10th from the 11th, you will have very good earnings from your profession. Since the 10th house rules over one's credibility, honour, etc., if your 10th-lord is not well-placed and if a natural malefic planet is either situated in the 10th house or aspects it, you may run the risk of becoming a victim of slander or disrepute. If your profession is likely to have some connection with the 8th house significations like insurance, provident-fund, taxes, etc and you may do well as a surveyor/ value and loss assessor, an industrial consultant or a financial advisor, etc. As the 8th house governs over defence establishments, you may work in or may have good gains from such places -- more so if Mars is also well-disposed. As the 8th has connection with criminal proceedings and forensic procedures, your job may

have connection with these lines too. As a broker/ agent also, you may earn very good profits.

Lord of 9th House

In your chart, the ninth-lord is situated in the tenth house, which is called the house of profession (Karma). This is a highly beneficial combination as it constitutes partial 'Maha-Bhagya Yoga'. If in addition, the 10th-lord is also situated in the 9th, then it constitutes 'Dharma-Karma Yoga' which is the most praised planetary combination. If your Ascendant is Scorpio, then the yoga will gain further strength and if the Ascendant-lord or Jupiter is also well-placed, you will be a devoted religious person. Your mind will remain in exalted state and you will always remain engaged in performing worthy deeds. You will love the company of pious people, enjoy studying religious classics and listening to devotional discourses and will remain associated with the works for social upliftment; you may remain actively engaged in charitable deeds and philanthropic activities. You will become renowned, highly respected and will enjoy a lasting reputation. You will have high education, hold a prestigious position and socially you will be well-placed. You will have pilgrimages and may go to distant foreign places on academic, cultural or religious missions. Rather than words, you would live by your deeds and people will respect you as an embodiment of virtues.

Lord of 10th House

In your chart, the tenth-lord is situated in the twelfth house, which is called the house of expenses (Vyaya). If your Ascendant is Aquarius, then the 10th-lord will be exalted in the 12th and you will enjoy favourable results; you will be fortunate in respect of your younger co-borns and your father may earn his fortune in a foreign country. Your career may have some connection with jail/ custody houses, asylums, hospitals, footwear, bedding materials, prophylactics, etc or you might be engaged in investigative jobs. If Mercury is well-placed and if Jupiter or Mars aspects the 8th house or its lord, then you may become an Astrologer. If your Ascendant is Taurus, then your 10th-lord will be debilitated in the 12th for which may make you unhappy as you may not be fortunate in respect of your profession. Since the 12th is the 3rd from the 10th, you may have a transferable job or may have a few job-changes -- more so if the 10th-lord is in a movable sign (Aries or Cancer or Libra or Capricorn); you may have to go to distant and inconvenient places and live there for long -- more so if a natural malefic planet is situated in the 12th or aspects it. This position is favourable if your job involves writing, editing, translation, etc -- more so if Mercury or the 3rd-lord is well-placed or if a natural benefic planet is situated in or aspects the 3rd-house.

Lord of 11th House

In your chart, the eleventh-lord is situated in the eleventh house itself, which is called the house of gains (Labha). This is the best possible position for the 11th-lord which primarily signifies earnings from profession and gains from other sources. You will have excellent earnings and gains from various sources. If a natural benefic planet is situated in the 11th house or aspects it, you will be rolling in wealth and lead a life in style by enjoying an enviable status in society. Since the 11th is the 8th from the 4th, your mother is likely to live long; if the 11th-lord is unafflicted, she would be rich and you will inherit a lot from her. As the 11th house rules over friends, some of your

friends will be very wealthy and worthy, they will be very beneficially disposed towards you and will actively assist you whenever needed. Since the 11th house rules over cure and the Moon signifies medicines, if your Ascendant is Virgo, you may earn a lot by dealing in medicines or may become a highly capable medical man yourself. If your Ascendant is any other, then also you may enjoy similar results if the Moon is situated with your 11th-lord. If a natural malefic planet is situated in the 11th house or aspects it, then your mother may tend to become easily upset and you may lack peace of mind. If your Ascendant is Pisces, then your 11th-lord will be the 12th-lord also; for this reason, some of your enemies may remain in disguise in the circle of your friends.

Lord of 12th House

In your chart, the twelfth-lord is situated in the eleventh house, which is called the house of gains (Labha). If your Ascendant is Pisces, then the 12th-lord will become the 11th-lord as well and you can look forward to obtaining beneficial results. Otherwise, this is not at all a good position as the 12th indicates losses while the 11th rules over earnings; while your earnings may become limited, you may have to face blockage of funds at times and may find difficulty to fulfil your commitments; you may also occasionally incur losses owing to sudden change of prevailing conditions. As the 11th rules over friends while the 12th rules over secret enemies, some of your secret enemies may remain in your circle in disguise as friends. If a natural benefic planet is situated in the 11th house or aspects it, then the adverse influences may become considerably mitigated but if a natural malefic planet is situated in the 11th house or aspects it, then the adverse influences may become aggravated further. If the 11th house is under the influence of the malefic planets only and if Saturn is also not well-placed, then you may have some problem with hearing. If two or more natural malefic planets are situated in the 11th house, if you are a male, then you may receive some injury in your left hand; but if you are a female, then your husband's right hand might be affected.

Results for Planets in Houses

Sun

Since the Sun is situated in your 11th house, you will be fairly fortunate and will gain some renown at a relatively early age-period -- almost beginning from the timing of joining in profession. You are likely to be meritorious and/ or might possess some special or extra-ordinary abilities for which you will attract people's attention and even older people in your circle will treat you with respect for your qualities and accomplishments. If you are male, then you are likely to be the eldest among co-borns but if you are a female, then you may be the youngest instead. Even if you are not in government service, the position assures receiving benefits and assistance from ranked people in government service; some of your friends and acquaintances might be superior to you in one or more respects but you may still be able to develop lasting relationships with a few of them. If Saturn or Ketu is with the Sun, your influx of wealth might at times be retarded and at some point of time your reputation or credibility could be at stake. If Mars or Rahu is situated instead, then it

will boost your earnings -- although with fluctuations. If a natural benefic planet is situated with it or aspects it, then your earnings will be fairly steady. If your Ascendant is Gemini or Libra, then you will enjoy the best possible results as the Sun will be exalted or in own house; but if your Ascendant is Sagittarius, then the Sun will be debilitated and if modifying combinations are not present in your chart, you may have troubles from your friends/ acquaintances and also from the government sources.

Mercury

Since Mercury is situated in your 12th house, you will be fortunate in respect of education; but if the 4th-lord is well-placed, then you might stay in hostels of prestigious institutions in distant places or in foreign countries -- for which you might be separated from your kindred fairly early in your life. If your 6th house is strong, then you may win some scholarship or receive a grant. If your Ascendant is Cancer or Libra, then you will enjoy beneficial results as Mercury will be in own house or exalted; but if your Ascendant is Aries, then you may not be fortunate in respect of education -- unless some modifying influences are present in your chart. If your Ascendant is Cancer or Libra or Scorpio or Capricorn or Aquarius, then you will enjoy the benefits of 'Veepareeta Raja Yoga' as you will suddenly become rich in a spectacular way and turn many heads among your friends and acquaintances. If a natural benefic planet is with it or aspects it, then your mind will remain self-absorbed and you will have a taste for occult subjects but if a natural malefic planet is with it or aspects it, then you may have many small enmities frequently caused by your writings or other people's reports. If Mercury is under the influence of two or more natural malefic planets while no natural benefic planet is with it or aspects it, then surfacing of a scandal is feared.

Venus

Since Venus is situated in your 10th house, you will be very fortunate and will enjoy a peaceful, comfortable and secure position. You will be a cultured and refined person with a taste for artistic pursuits -- this will be more so if Mercury is associated with it. You might be endowed with the gift of prophecy and may have a taste for divinatory arts. If Venus is free from association or aspect of any natural malefic planet, then you will be successful in love-affairs and enjoy high patronage from the wealthy ladies; but if Venus is associated with or aspected by retrograde natural malefic planet(s), then you may become a victim of scandal or disrepute. If Venus is associated with or aspected by Jupiter or the Moon, then you will enjoy a happy and prosperous life; but if Venus is associated with or aspected by an ill-placed Saturn, then you may lack some comforts and pleasures of life. If Venus is 'combust', then you might suffer from eye-diseases and have to wear specs. If Venus is exalted or in own house, then you will enjoy the fruits of beneficial 'Pancha Maha-purusha Yoga' and will be very well-placed in life; this will be the case if your Ascendant is Gemini or Leo or Capricorn and Venus will profusely shower you with its characteristic gifts. If your Ascendant is Sagittarius, then debilitated Venus might lower your status if Mercury is not strong.

Mars

Since Mars is situated in your 10th house, you will be born fortunate as Mars attains directional strength (Dik Bala) here; you will be fortunate in respect of your

profession, receive benefits from higher authorities and also from government sources, move in high circles and establish a good reputation for yourself. This will be more so if your Ascendant happens to be Aries or Cancer or Aquarius as Mars will then become exalted or in own house and you will enjoy the benefits of 'Pancha Maha-purusha Yoga'. You are likely to occupy a ranked position having authority and power. But if your Ascendant is Libra, then the 2nd-lord debilitated in the 10th might give you a transferable job or many changes in profession; however, if Venus or the Moon is well-placed, you can look forward to having a prosperous career in a financial institution and you may later opt for starting a business of your own. In any case, this position will give you an active spirit and make you purposeful; you will have a very practical outlook and will become known as a ruthless task-master who always fulfils commitments. You will win appreciation from the authorities and praise from your colleagues; you will have some devoted subordinates who would accept you as their leader.

Jupiter

Since Jupiter is situated in your 7th house, you will be highly fortunate as the best of the natural benefic planet will be aspecting the Ascendant, the 11th house and the 3rd house. You will be fortunate in respect of your younger co-borns and will have a devoted spouse who will be religious-minded. You will also be religious-minded and honest. Unless there are some afflictions in your chart, you will be long-lived and your married-life will be stable and happy. As Jupiter is the natural significator for children, you will have dutiful and worthy children. As it is the significator for wealth too, its aspect on the 11th indicates steady and uninterrupted growth of earnings from your profession which might be business. If your Ascendant is Gemini or Virgo, then you will enjoy the beneficial results of 'Pancha Maha-purusha Yoga'; but if your Ascendant is Cancer, as Jupiter will be debilitated in the 7th, then you may incur losses in business, work in private organisations, have unhappiness in marriage and might even face legal problems. If your Ascendant is Leo, you may have high B.P. If Jupiter is with Mercury or aspects it, you will have interest in studying literature; if it is situated in the star of Rahu, then it will give unconventional outlook.

Saturn

Since Saturn is situated in your 8th house, you may not be in good health and your married-life may not be very peaceful or happy unless Saturn is exalted or situated in his own house. If your Ascendant is Gemini or Cancer or Pisces, then you will be well-placed in life as you will enjoy the beneficial results of 'Veepareeta Raja Yoga'. Normally, this position gives good longevity unless another natural malefic planet is situated with it or aspects it. If the Sun is situated with it, then the physical or mental health and well-being of your father might cause you some concern. If the Sun is situated close to it, then you may suffer from diseases affecting your eyes and also due to obstruction of body's waste elimination system; there are also chances of having bone-breakage during sometime in your life. If Mars or Rahu is with it or is placed in either the 6th house or the 7th house, then your married-life may not be happy or your spouse may not be long-lived; alternately, she/ he might opt for leaving you for ever and you may have to face a law-suit with her/ him. The position will however be improved if Venus or Mercury is situated with it or if Jupiter aspects it. If your Ascendant is Virgo, then you may receive injuries resulting from accidental fall and if Mercury is also not well-placed, then the part of body prone to sustain

injuries might be your head or face.

Moon

Since the Moon is situated in your 11th house, you will become very popular and will have good earnings through public dealings -- although with a cyclic kind of fluctuations. Your earnings will be more if the Moon is 'waxing', if the 11th-lord is well-placed and/ or if a natural benefic planet is with it or aspects it. If the Moon is 'waning', if the 11th-lord is not well-placed or if Ketu is situated with it, then your earnings can only be modest. If Saturn is with it or aspects it, then also the results will be similar -- unless Saturn is exalted or situated in own house in which case it would give good earnings from industries, mines or through agriculture. If Mars is situated with it, it would give rise to 'Chandra-Mangala Yoga' and will give influx of wealth through real estate, property-rentals, etc. If Rahu is with it, it will give good earnings -- although through convenient- and at times unscrupulous- means. If your Ascendant is Cancer, then you will have boosted earnings as the Moon will be exalted and if your Ascendant is Virgo, then also you will get similar results as the Moon will be in own house. But if your Ascendant is Capricorn, then debilitated Moon in the 11th will give unreliable friends and if modifying influences are not present in the chart, then you may not have good earnings through respectable means. This position gives many friends but a few lasting attachments; assures gains from and patronage of ladies and may give a number of female children.

Rahu

Since Rahu is situated in your 12th house, you will be fortunate if the 12th-lord is well-placed or if a natural benefic planet is with it or aspects it. If Rahu is situated in the star of a retrograde planet, then you may become prone to face an accidental mishap or untoward happening when the star-lord planet will be crossing over Rahu in transit; in such case, you may become bed-ridden or may have to get away to a distant place even without adequate preparations owing to safety reasons. If Rahu is situated in Ketu's star, then your employees or sub-ordinates might become your enemies and you may have fear from them. If a natural benefic planet is with Rahu or aspects it, you may travel a lot and go to distant places or even foreign countries. But if Rahu is under the influence of two or more natural malefic planets, you may face forced displacement more than once in your life. If Mars and Saturn both influence Rahu by association or aspect, then you may face a serious accidental mishap. If the Sun is situated close to Rahu and no natural benefic planet is with it or aspects it, then you may become a victim of scandal or disrepute. If the Moon is similarly placed instead, then you may suffer from some disease which would be very difficult to diagnose.

Ketu

Since Ketu is situated in your 6th house, you will conquer your enemies -- more so if Ketu is in Scorpio or Pisces. If the 6th-lord is well-placed, you would come out in flying colours in a competitive examination and may even win in contests like elections. However, if the 6th-lord is ill-placed, then you may suffer from some disease which might be difficult to cure and aggravating intermittently. If the Sun is with Ketu, then you may have some taste for studying hygiene or medicine. If a natural benefic planet is with Ketu or aspects it, then you will be well-placed in service while your relationship with your relatives will remain cordial; but it will be just

the opposite if Ketu bears the influence(s) of only natural malefic planet(s). If Ketu is in own-star, then it is beneficial; but if it is in star of Mars or Rahu, it may give injuries.

Uranus

Since Uranus is situated in your 5th house, you may have suffered crosses and annoyances in youth. You may have some romantic liaisons or impulsive attachments and your inconstancy in love-affairs might spoil the peace and harmony in domestic life. However, if the 5th-lord is well-placed or if a natural benefic planet is with it or aspects it, then the situation will be considerably improved; but if the 5th-lord is ill-placed or if a natural malefic planet is with it or aspects it, then you may face dangerous situations in the pursuit of pleasure. If the 5th-lord and Jupiter are not well-placed, then one of your children may not be in good physical or mental health and/ or he/ she may suddenly disappear leaving no trace to a faraway place.

Neptune

Since Neptune is situated in your 5th house, you may have a sensuous nature and disposed to chaotic or unnatural acts which may lead you to troubles in love-affairs; you may even be tempted to get into illicit amours which may lead you to face critical situations. However, if the 5th-lord is well-placed or if a natural benefic planet is with it or aspects it, then the situation will be considerably improved; but if the 5th-lord is ill-placed or if a natural malefic planet is with it or aspects it, then you may have some depraved desires, fantastic appetites and licentious habits; if the 8th and/ or the 12th houses bear the influences of natural malefic planets, then you might face the inevitable which had been lurking behind you since long.

Pluto

Since Pluto is situated in your 3rd house, you will have the mind of an inborn fighter who had never learnt to admit defeat. You will have much ingenuity and a sharp, penetrative mind; you will tend to be very forceful while expressing your opinions and views. You may have excellent progress if you have any connection with atomic energy and nuclear science. Arms and ammunition may be of special interest to you and you may have some connection with defence establishments. You may lose contact with some of your near relation (may be a younger co-born) or a neighbour who might go away to a very far-away place. If a natural malefic planet is with it or aspects it, then you may suffer from lung troubles owing to excessive smoking or over-exposure to smokes, fumes, suspended particles, radiations, etc; however, if the 3rd-lord is well-placed and if a natural benefic planet is with it or aspects it, then you won't have to suffer. If Pluto is afflicted by Saturn and Mars both by association or aspect, then serious problems would be anticipated.
